Title: Global Medical Brigades

Organization: Global Medical Brigades Supply and Operational Bill

Date Introduced: 11/10/2015

Purpose: Global Medical Brigades is a student-led service abroad organization that has been active and successful on campus for four years. Students are immersed in a new culture while making a immense impact on the residents of rural Nicaragua, through offering free healthcare, dental care, medications, and sustainable health education. In this Bill, we present costs that make our cause possible. Without necessary funding, the medications and supplies may be lacking, therefore affecting the ability of our service.
