Title: FGCU SG Laptop Charger Rental System

Date Introduced: 07/11/17

Purpose: The purpose of this bill is to establish a Laptop Charger Rental System within the FGCU Library for the students. The Rental System will allow both traditional and non-traditional students a convenient way to never have to worry about forgetting their charger and is meant to serve the Students first hand. After surveying 100 students, 92 students said they have left their chargers at home and that they would utilize this type of service. Also, after speaking with the library, we were notified that this is something students often request, but the Library does not have for them.
